LETTER FROM THE PRINCIPAL

Dear Parents and Students:

As Principal of BridgePrep Academy (BPA) of Collier, I would like to welcome you to a great year of learning! It is my great pleasure and honor to serve as the Principal at BPA of Collier, in its inaugural year. In the 2017-18 school year, 14 BPAs across the State of Florida made tremendous impact on the children, families and communities that they serve. As one of the newest campuses, BPA of Collier aims to continue in the tradition of academic excellence and impact.

I would like to take this moment to introduce myself and share with you a bit about my background, experiences, and aspirations. I was born into a large blended family. My parents, both immigrants from the island nation of Haiti, met in the fields where they picked seasonal crops in central Florida. Being that they had very limited literacy, my first job (or better yet unpaid internship) at around 7 years old, was to serve as a language broker for my relatives who were limited English proficient (LEP) and/or non-literate. Like me, thousands of first-generation children and English language learners must endure the pressure of bridging between languages and cultures. This was the source of my competitive nature and the beginning of my journey into language/cultural studies and education leadership.

Naples has been my home for as long as I can remember. I completed my entire K-12 education with Collier County Public Schools. As a student-athlete, I was high achieving, earning both an academic Bright Futures scholarship and a track & field scholarship to the University of South Florida. At USF I competed at the NCAA Division I level, twice earning All-American status. Conference USA awarded me the title of athlete of the decade for stellar performances in the classroom and on the field. After graduating with a bachelor's degree in Spanish and a graduate certificate in Latin American and Caribbean Studies, I continued my career as a professional athlete and coach. In 2006, I had the opportunity to study abroad and train at the University of Bath, a top-ranking institution in England. There I earned a master's degree in education, specializing in English language teaching and competed on the athletics team. Eventually, my passion for education led me to pursue a doctorate in higher education and adult learning, with a specialization in community engagement and parental involvement.

I am a devoted mother to four handsome boys, a wife, and passionate educator. For more than 13 years, I have been dedicated to teaching, coaching, and leading education. I am excited and honored that you have chosen BridgePrep Academy to serve you and the surrounding community. Please know that our team of educational professionals is here to serve you. We are passionate, we are diverse, and we are multilingual. Allow me to close with a popular Haitian proverb "Men anpil, chay pa lou" many hands make the load light. No matter the weight of the challenges we face this opening year, BridgePrep Bulldogs will always work as a team to achieve greatness!

Thank you,

Dr. Philippi

The patrols are there to enforce the policies designed by the administration. If you have a concern with a school policy, please do not discuss it with the patrols. Please take all concerns to the patrol supervisor.

ATTENDANCE

Attendance and punctuality is mandatory. It is an educational fact that attendance and grades are connected. There are probably no factors more important to successful school progress than regular and punctual school attendance. Students who are tardy or absent excessively from the instructional program will fall behind in academic achievement. Excessive school absenteeism precedes grade failure, loss of interest, and may result in students withdrawing from school. We expect our students to demonstrate excellent attendance. Please make every effort to have your child attend school on time consistently.

School Attendance: Students are to be counted in attendance only if they are actually present for at least **two** hours of the day or engaged in a school-approved educational activity which constitutes a part of the instructional program for the student.

Class Attendance: Students are to be counted in attendance if they are physically present in class for at least half of the class period, have been excused by the teacher on a class-related assignment, or have been requested by a member of the school support staff for an approved school activity.

- 1. Students missing five or more consecutive days of school due to illness or injury are required a written statement from a health care provider.**
2. The written statement must include all the days the student has been absent.
3. If a student is continually sick and repeatedly absent from school due to a specific medical condition he/she must be under the supervision of a health provider.
4. Failure to provide required documentation within three school days upon the return to school **will result in unexcused tardies or absences.**
5. Students who have habitually unexcused absences shall be considered truant. Students affected by the Compulsory School Attendance Law may be referred to Children and

Family Services for truancy.

6. Any student arriving after 8:00 a.m. will be issued a late pass and marked tardy. **After ten (10) unexcused tardies, the student will be issued a referral form that will be placed in the student's permanent record.** We understand that emergencies may arise. In such cases, we will need a letter signed a parent/guardian explaining the reason for being tardy.
7. Parents are to contact the office if their child is going to be absent. On the day he/she returns to school, parents must send a handwritten note explaining the reason for their child's absence. A maximum of 10 handwritten notes will be accepted per school year. After 10, a referral will be issued. Students may not exceed more than 10 unexcused absences per school year. For every five unexcused absences, the student will receive a referral.
8. Make-up work and homework must be completed within 24 hours (per missed day) after returning to school. All assignments must be made-up or the student will be issued an incomplete. Incomplete assignments may affect the student's final grade. **It is the parent's responsibility to contact the teacher regarding any missed assignments.** If a student anticipates being absent for more than two consecutive days, it is the parent's responsibility to contact the school and pick-up any class work/homework from the teacher.

Excused Absences

- A. Personal illness of the student (medical evidence may be required by the principal or designee for absences exceeding **five** consecutive days). The written statement must include all days the student has been absent from school. If a student is continually sick and repeatedly absent from school due to a specific medical condition, the student must be under the supervision of a health care provider in order to receive excused absences from school.
- B. Medical Appointment: If a student is absent from school due to a medical appointment a written statement from a health care provider indicating the date and time of the appointment must be submitted to the Principal.
- C. Death in immediate family.
- D. An approved school activity (absences recorded but not reported).
- E. Other absences with prior approval of the Principal.
- F. Attendance at a center under Department of Children and Families supervision.
- G. Significant community events with prior permission of the Principal. When more than one school is involved, the Region Superintendent will determine the status of the absence.

- H. Observance of a religious holiday or service when it is mandated for all members of a faith that such a holiday or service is observed. The religious holiday must be listed on the district's approved list of religious holidays.

Tardiness

A student is considered tardy if they are not present at the moment the school bell rings for the class assigned. NOTE: If a student is not present when attendance is taken but is present later in the school day, that student must be considered in attendance, but tardy, and the absence should be changed. A student who is tardy should never remain on record as being absent.

A student who has twenty (20) or more cumulative tardies will not be allowed to participate in interscholastic competitions or performances for the remainder of the school year.

Early Sign-outs

No student shall be released within the final thirty (30) minutes of the school day unless authorized by the Principal or principal's designee (i.e., emergency, sickness).

No student shall be permitted to leave school prior to dismissal at the request of, or in the company of anyone other than a school employee, a police officer with judicial authority, a court official, or the parents of the student unless the permission of the parent is provided. No parent may have access to the student or may grant permission to allow the student to leave school prior to dismissal if there is a legally binding instrument or court order governing such matters as divorce, separation, or custody which provides to the contrary. The parent who is the primary residential custodian or the parent who enrolled the student shall determine in writing, if the student may be released to individuals unless otherwise stated in a court order.

Emergency Contact Card must include those individuals who a parent/legal guardian permits the child to leave school grounds with on any day at any time.

BIRTHDAYS

Parents might want to recognize their child's birthday in school, however daily celebrations can severely reduce instructional time. Therefore, birthdays are celebrated on the last Friday of each month, for the last 15 minutes of the day. Please note the exact date on the school activity calendar. If you wish to provide a small party for your child's class, please make arrangements with your child's teacher for the date indicated on the calendar. We cannot have lunch parties or send food items to be given during lunch times. Cupcakes and treats should be store-bought (as opposed to homemade) and have nutrition and ingredient labels intact. Please avoid food items that contain nuts or other common allergens. **NO PEANUTS OR ITEMS CONTAINING NUTS ARE ACCEPTED OR ALLOWED FOR ANY ACTIVITY AT SCHOOL.**

COMMUNICATION

Parent to School Communication

A prime factor in our operation is the importance we place upon communication between home and school. The lines of communication must be kept open at all times so that we may be properly tuned into your child's needs.

Please notify us immediately if:

1. Your child has developed a communicable disease.
2. You will be out of town.
3. Your telephone number and/or email address (home and/or work) has changed.
4. You wish to change or add to the emergency contact numbers we are to use.

Parent to Teacher Communication

Conferences with individual teachers must be arranged by contacting the teacher via email or working with the office clerk to coordinate with the teacher. Teachers participate professional development trainings on Tuesdays and Wednesday afternoons. However they are available Monday, Thursday and Friday from 3:20 p.m. to 3:45 p.m. Teachers may also be available during their breaks; however you must make an appointment for these times. Parent conferences are not to be held while other families are able to hear information for other students as all student information is private and we respect each of their individual abilities. **Moreover, please do not engage in parent/teacher conferences during arrival or dismissal times as the primary goal for all school staff is to maintain the safety of all students at all times.**

Always attempt to resolve issues/conflicts with the teacher(s) before communicating to the administration. Most issues can be resolved when you have open and honest communication with your child's teacher.

Order of contact to resolve an issue is:

Teacher → Assistant Principal → Principal, Dr. Philippi

School to Parents Communication

1. <https://www.bridgeprepcollier.com> in which home learning, calendar and all communication is posted.
2. www.focus.collierschools.com is the Collier County Public Schools website in which you can view your child's grades.
3. Emails, text, voice, and print notifications will be sent home periodically informing you of upcoming activities or deadlines.

Accidents/Illnesses

Parents will be notified of minor scrapes, bumps and bruises via a written incident completed by the teacher/clinic staff and sent home with the child. Parents will be notified immediately in case of serious illness or an accident. In the event that a parent cannot be located, the person(s) named on the emergency contact cards will be contacted. **It is the parent’s responsibility to make sure that these numbers are current and accurate.** Please notify the office immediately of

any accident or injury which occurred during arrival or departure from school.

Children who are ill should remain at home to minimize the risk of passing the illness onto others. Please notify us of any contagious illness your child has so we may alert other parents. In addition, please notify the school of any chronic condition your child may have.

Fire Drills – We practice monthly fire drills to familiarize the students with emergency procedures in case of a real fire. These drills are practiced all different times on various days throughout the school year.

Intruders – We pay extreme attention to making sure our school gates are locked at all times, and our staff keeps a watchful eye out for strangers around our property.

Family Crisis – If there is a family crisis, please call the office immediately. We will do all we can to help with the situation, including keeping your child until you can pick up.

Your child will stay in his/her classroom with his/her teacher. The teacher will attempt to keep the classroom climate as stable as possible. We have an intercom system in every room. Please check the school's telephone message and website for updates. We will keep you posted as to what procedure to follow. You will be contacted as soon as possible. Your child is our primary concern.

We, fully, understand the sensitiveness to such circumstances and do what is needed first to secure our students safety. Once all has been completed, communication will be provided to our school community.

EMERGENCY CONTACT INFORMATION

It is very important for us to have the name and phone number of someone who can be responsible for your child, if we cannot reach you. This person should be able to come to school and pick up your child if necessary. Please be sure that the person you list has this understanding. **If at any time your personal information changes, please notify the office immediately. 7. Pants have to be worn at the waist. All pants that have belt loops must be worn with a belt. A belt that is long and hangs from the waist is not acceptable.
8. Skirts or polo dresses must be of a modest length. A modest length means that, if a student kneels, the skirt or polo dress must be no more than two inches above the floor.

Footware- Close-toed Shoes & Socks

9. Ankle height sneakers/gym shoes. NO knee length shoes, shoes with heels or boots, or open toed shoes. Preferably, sneakers/shoes should match school colors (navy-blue, white and/or black). Shoes may have laces or Velcro.
10. Matching ankle or crew length socks are mandatory.

Backpacks- Age-appropriate worn on shoulders

11. Students in grades 6-8 are required to have a clear plastic bookbag.
12. We strongly discourage the use of rolly-bags (backpacks on wheels), unless medically necessary.

BOOK BAGS

It is recommended that each student have a book bag to transport his/her books and materials between school and home. We encourage parent(s) to check their child's book bag often to ensure necessary school materials, assignments, and communication notes are seen and returned to school. School supplies should be replenished as needed. Rolly bags (book bags on wheels) are not permitted. Middle school students in grades 6-8 should have clear backpacks where content is visible.

LUNCH BAGS/BOXES

Students who bring lunch bags or boxes from home must bring it upon beginning of the school day. For the safety and security of all of our students, family members are not allowed to bring outside foods to the cafeteria. Should an emergency occur, parent/legal guardian is to leave the lunch bag/box with security personnel in the main entrance of the school.

If a student is not in the required school uniform, the student will be sent to the office. In the office, the parents/guardians will be called and asked to bring the required uniform to school. Students will not be permitted to class without the uniform. A student will receive a uniform violation form.

Uniform Referral

- After 3 uniform violations, a referral will be issued.

GRADES

Instructional staff uses evaluative devices and techniques as needed to report individual achievement in relation to school goals, acceptance norms, and student potential. Student grades, unsatisfactory work notices, parent reports on state assessment, and/or standardized testing, parent conferences, and adult/student conferences should serve as the primary means of communicating student progress and achievement of the standards for promotion.

A student's academic grade reflects the teacher's most objective assessment of the student's academic achievement. Students have the right to receive a conduct and an effort grade consistent with their overall behavior and effort.

Specific guidelines for grading student performance and for reporting student progress are provided below and detailed in the *Student Progression Plan*. To view the plan, go to <https://www.collierschools.com/Page/10857>

GRADING PERIODS

Grading Period	Date Report Cards Distributed

Second Grading Period	January 8, 2019
Third Grading Period	March 22, 2019

Academic Grades

Academic grades are to reflect the student's academic progress. The grade must provide for both students and parents a clear indication of each student's academic performance as compared with norms that would be appropriate for the grade or subject.

The academic grades are not related to the student's effort and conduct so much as they are related to their performance on standards-based assignments and assessments. Grades in all subjects are to be based on the student's degree of mastery of the instructional objectives and competencies for the subject. The determination of the specific grade a student receives must be based on a teacher's careful consideration of all aspects of each student's performance during a grading period. The following codes and symbols may be used on student progress reports and report cards.

Grading Codes for Subjects		
O	Outstanding	Met Or Exceeded Quarterly Learning Goal (3.0-4.0)

Proper behavior is recognized and consequences are given for breaking our code. Each parent must take an active role in supporting this plan. We want our children to learn and to be responsible citizens. It is in the children’s best interest that parents and staff work together to ensure a happy, safe, and productive learning experience. The Positive Behavioral Support (PBS) program we implement allows for students who have earned Bulldog Bucks to receive a reward for displaying positive behaviors during school days.

HEALTH GUIDELINES

If your child is injured or becomes ill at school, you will be notified immediately. PLEASE KEEP US CURRENT REGARDING YOUR PHONE NUMBERS BOTH AT HOME AND WORK. This information is vital should an emergency arise.

ILLNESS

1. If you suspect that your child is not well, please keep him/her at home, regardless of his/her desire to come to school. We ask that you do this out of consideration for his/her classmates.
2. If your child has had a fever, his/her temperature should be normal for twenty-four (24) hours before returning to school.
3. If your child has a cold, is coughing, and has a runny nose, please consider that he/she may be contagious to others. Please keep him/her home or make arrangements for his/her care until he/she recovers.
4. If your child has a rash, please keep him/her home and contact your doctor to find out the cause.
5. Our school staff only administers prescription medication prescribed by a doctor to children upon completion of a medication request form.

Medication Policy

Every attempt must be made by the student's parent and physician to have medications administered at home during non-school hours. When this is not possible, a completed Medication Authorization Form must be provided for **each** medication to be administered during school hours.

No medication may be administered by school personnel unless the parent presents the school with a completed Medication Authorization Form, signed by the physician and parent.

The Medication Authorization Form must be **renewed each school year** and placed in the student's cumulative folder.

Any changes in the type, dosage or frequency of medication administered will require a new Medication Authorization Form to be completed.

The Medication Authorization Form must be current. The Medication Authorization Form will be filed in the student's Cumulative Health Record (*HRS-H Form 3041*).

In an emergency situation a Medication Authorization Form can be faxed to the physician and returned by fax to the school. A copy should be made of the form, as fax copies fade. An original must be obtained from the physician and include parent/guardian signatures within 24 hours in order to continue administering the medication.

Administering Medications

State rule FL Statute, 1006.062 Administrative Rule, 64F-6.004 states that school personnel may assist students in the administration and/or dispensing of prescribed medication in compliance with the following procedures:

All medications will be administered by the school principal or his/her designee.

Medications may be administered by the school principal or his/her designee when there exists an illness or disability that requires maintenance-type medication and when failure to take prescribed medication could jeopardize the student's health and when the medication administration schedule cannot be accommodated before or after school.

If the parent/guardian has completed the Medication Authorization Form correctly and has met the requirements of the District, it is the obligation of the school to see that the student is medicated at the appropriate time indicated on the Medication Authorization Form.

Only the parent/guardian should deliver medications and pick up unused medications.

***Guidelines for administering medication will be followed very strictly.**

There are several illnesses that are common occurrences in school-age children. Children will not be admitted to school and will be sent home if they exhibit any symptoms of illness. Please help us control and minimize the spread of infections to others by providing care for your child when he/she is sick and keeping them at home while doing so.

Dear Parent/Legal Guardian:

If your child requires medication(s) during the school day, Florida Statutes and School Board Policy require that you provide written authorization for all medications to be given. An authorization for prescription medication must also be completed and signed by a physician or other health care provider licensed in the state of Florida (as outlined in Florida Statutes, F.S. 464) **(Medications not approved by the Food and Drug Administration (FDA) and alternative medications, including natural, herbal remedies, homeopathic medicines, food supplements, and vitamins may not be administered at school, with the exception of prescribed pancreatic enzymes or prescribed dietary products to treat lactose intolerance)**

- The Medication Authorization Form on the reverse side of this document must be entirely completed and accompany prescribed or over-the-counter medications to be given to your child in school. The form must be signed by a parent/legal guardian. The prescribing healthcare-provider must also complete and sign the form for any prescription medications to be given. **Medications will not be administered without a completed Medication Authorization Form.**
- A parent/legal guardian or an authorized adult must deliver medications to the school health room. At the time of delivery, the quantity of each medication will be verified by the school nurse or school personnel. **Do not send medications to school with your child.**
- Medications given only one time per day or medications that can be given before or after school are not administered at school.
- Prescription medications must be received at school in a container with the original, unaltered prescription label attached. The **label must be written in English** and display all information required by law, including, but not limited to: date of prescription, "discard after date," student's name, medication name, dosage, time to be administered, and the prescribing healthcare-provider's name.
- Medication may not be administered at school if either the "discard after date" or the manufacturer's expiration date has passed.
- Over-the-counter (OTC) and FDA approved non-prescription medications must be in the original sealed (unopened) store-issued container. Please label the container with your child's full name and birth date. OTC medications, including cough drops, will only be given according to directions on the label. If a parent/guardian requests dosages that do not appear on the non-prescription medication label, orders stating the reason for the administration variation must be obtained from the healthcare-provider by the parent/guardian and will be considered by a school nurse before administration may occur. **Based on the school nurse's assessment, a parent may be required to obtain a physician's authorization for increased and/or daily administration of a non-prescription medication.**
- If your child is authorized to self-carry and use life saving medications as prescribed by his/her healthcare-provider, the child must demonstrate competency in self-administration/self-treatment and a "Contract for Self-Carried Medication" must also be completed and signed by the parent and school nurse. **Medication with current prescription label must be signed-in to school clinic.**
